BACKWARD DESIGN FRAMEWORK

for Instructional Designers and eLearning Developers

PREPARATION

BACKGROUND

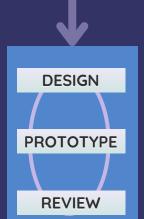

Merrill's "Pebble in the Pond" Design Phases

01

Main Problem/Task Solved

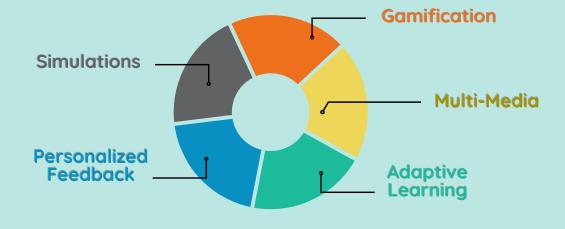

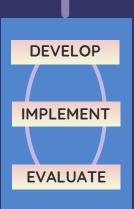

02 Design Progression of Problems Problem **Problem Problem Problem** 03 Design Instruction for Component Skills (for each problem) **Desired Outcome Acceptable Evidence Application Activity** Demo **Necessary Info**

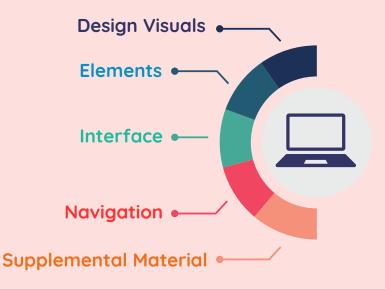

04

Design Instructional Strategy Enhancements

Finalize the Instructional Design

06

05

Design Evaluation - Test Prototype
